

Splitters (FS_ Series)

Features:

- ❶ High screening factor (corresponds to DIN V VDE 0855 / Part 10 and 1 R 8-15).
- ❷ Return path capability (from 5 MHz).
- ❸ Conventional F type terminals to simplify cable terminating work.
- ❹ Decoupling by transformer.
- ❺ Frequency range from 5 to 1000 MHz.
